and teachers to enhance the modernization of higher education in MOLDOVA*

Durata proiectului: 15/10/2017 – 14/10/2020

Cahul State University „B.P.Hasdeu” (USCH)/ Newsletter 5/2018

GENERAL PRESENTATION OF THE PROJECT

Entrepreneurship and Business Administration is the master's degree program which curriculum will be upgraded within the ReSTART project.

The aim of the project is to integrate and improve the digital and entrepreneurial learning needs of students, teachers and local businesses on the basis of internationalization, strategic partnerships and innovative co-operation at Cahul State University "B.P.Hasdeu".

The overall objective of the ReSTART project is to extend the benefits and enhance the impact of the modernized entrepreneurial curriculum on cycle II Master students and scientific and didactic staff by capitalizing on the advanced experience in the field in the higher education institutions within the consortium.

This goal will be achieved by achieving the following objectives:

- *Evaluating the needs of entrepreneurship and digital learning for students, teachers and local businesses in education, business, research and civil society.*
- *Upgrading the entrepreneurial education in five Moldovan universities, in line with EU best practices, by meeting local market expectations and capitalizing on ICT methods, combining innovative teaching and learning activities.*
- *Extending the innovative and upgraded education potential based on the institutionalization of the entrepreneurial curriculum in partner universities.*

RESTART TRIANGLE

On 25-27 April, within the Academy of Economic Studies in Moldova, the ReSTART team worked at the TRIANGLE 2018 International Forum.

The 4th edition of the annual international forum was "PROMOTING THE KNOWLEDGE TRIANGLE".

The event aimed to encourage international cooperation between Moldovan higher education institutions and European universities, as well as supporting and strengthening the role of universities in linking education, research and innovation to a triangle of knowledge in Moldova.

In the ReSTART session, each local partner presented the results of the studies conducted to determine the level of satisfaction with the entrepreneurial spirit and digital competences of the target group of universities: teachers, students and organizations.

INFORMATION SESSION FOR THE TARGET GROUPS

The students and academic staff of the *Cahul State University* have benefited from the **First Information Sessions** organized within the **ReSTART** project held on **May 21, 2018**, being acquainted with the opportunities offered by the modernization of the study programs of the economic specialties and the best practices in the field of entrepreneurship education in England (Case Study of the University of Gloucestershire) and Spain (Case Study of the University of Deusto).

On **18 September 2018**, the **Second ReSTART Information Session** was organized, disseminating the results of the study conducted by the **USC team** on the needs of digital learning and entrepreneurship, best practices and transfer of knowledge. USC Teachers and Students have also been informed about the opportunities offered by the project in terms of implementing modern teaching and learning methods within the **Master Entrepreneurship and Business Administration** program.

FIRST TRAINING SESSION OF TEACHERS

 The transfer of innovative teaching and learning practices through the development of entrepreneurial and digital skills was the main objective of the **first "Training of Teachers" session**, organized between 22-25 October 2018 at the **Polytechnic University of Bucharest** (Romania).

“An exceptional experience of good practice in the development of digital and entrepreneurial skills of teachers.”

(Todos Irina, USC Project coordinator)

 The USC Restart project implementation team has been familiarised with the innovative teaching and learning pedagogical and face to face approaches that are essential to the improvement of the entrepreneurial education practices of Moldovan and non-EU beneficiaries. The training session was organized in partnership with the "Angel Kanchev" University of Ruse (Bulgaria), the Technical University of Kosice (Slovakia) and L'Agence Universitaire de la Francophonie of Bucharest (Romania).

TEACHING AND EXCHANGE OF GOOD PRACTICE ACTIVITIES BETWEEN PARTNER UNIVERSITIES

 In the period **12-16 November 2018** the "B.P. Hasdeu" State University in Cahul hosted the *first teaching mobility of the teaching staff of the partner universities*. The objective of these activities was to

exchange experience and good practices in the field of entrepreneurship education.

The teaching activities were supported by expert professors from the Politehnica University of Bucharest (Romania) - Ms. Chicioreanu Teodora, from "Angel Kancev" University of Ruse (Bulgaria) - Ms. Bozhana Yavorova Stoycheva, from the Technical University of Kosice (Slovakia) - Ms Slavka Klasova and Mr. Tomas Malatinec.

The areas discussed covered topics related to entrepreneurship and leadership, strategic management, enterprise management and digital skills development.

These courses have been highly appreciated by the master students,

especially due to the relevancy of the topics, the interactions with audience, communication and collaboration between actors of the educational act, group work, etc.
